Financial education, advice nahi. Yeh book examples se paise ki aadatein sikhati hai. Yeh financial, tax ya legal advice nahi hai. Author SEBI-registered investment adviser nahi hain. Apni situation ke hisaab se decide karo, ya registered adviser se poocho.

Verma family fictional hai. Unke saare numbers illustrative hain. Is book ka koi projection return ka vaada nahi hai.

Is book ka har rupee ka hisaab build ne nikaal kar check kiya hai. Har rate, tax ya RBI/SEBI rule ka source aur check ki tareekh peeche "Sources aur checks" mein hai.

First edition, 2026 · paisasamjhoraj.com

Is book ko kaise padhein

1. Hafte mein ek chapter, family ke saath. Har chapter 11 pages ka hai.
2. Har example Lucknow ki fictional Verma family (₹1,00,000 mahina) ka hai. Har hisaab apne numbers se dobara karo.
3. "Agar...?" boxes try karo: ek number badlo aur dekho kya hota hai.
4. Har chapter ke end ki worksheet pencil se bharo, phir paisasamjhoraj.com ka free calculator try karo.
5. Answers peeche hain, par pehle practice page khud karo.

Milo Gullak Bhai se, aapka paisa dost. Bachat badhe toh woh bhi bharta jaata hai. Chhota-chhota daalo, bada-bada banao!

Namaste! Main Gullak Bhai. Chalo paisa samjhein!

BASIC

CHAPTER 1 / 20

Salary 25 tareekh ko gayab kyun?

> Jo dikhta hai, wahi bachta hai. 30 din har kharcha likho.

Is chapter mein

- ✓ Mahina khatam hone se pehle paisa kyun gayab hota hai
- ✓ 30 din ka kharcha register
- ✓ 3 dabbe: Zaroori, Saal ke kharche + masti, Future
- ✓ Chhote kharche jo bada bill ban jaate hain

Financial education, advice nahi.

Namaste! Main Gullak Bhai. Chalo paisa samjhein!

Verma family ki kahani

Milo Lucknow ke Verma parivaar se: Amit (35), Neha (33), Aarav (8) aur Pihu (4). Dono milke har mahine ₹1,00,000 ghar laate hain. 1 tareekh ko salary aati hai. 25 tareekh tak account lagbhag khaali, aur kisi ko pata nahi paisa gaya kahan. Rent aur school fees yaad rehti hain. Office ki chai, food delivery aur app subscriptions nahi. Toh Neha fridge pe ek chhoti notebook laga deti hai. 30 din, har kharcha usmein jaata hai, chahe ₹10 ka ho.

> **Yaad rakho:** Jo dikhta hai, wahi bachta hai. 30 din har kharcha likho.

Har family ki ek paisa kahani hai.

Idea kya hai

1. Zyada-tar families budget **dimaag mein** rakhti hain. Dimaag bade bill yaad rakhta hai, chhote bhool jaata hai.

2. **30 din** tak har kharcha likho: tareekh, kya, kitna. Phone notes ya diary, dono chalega.

3. Mahine ke end mein har line ko **3 dabbon** mein daalo: **Zaroori** (rent, ration, school), **Saal ke kharche + masti**, aur **Future**.

4. Teeno dabbe milke **salary** ke barabar hone chahiye. Nahi hue, toh kuch paise ka koi naam nahi, aur bina naam ka paisa gayab ho jaata hai.

> **Gullak Bhai ki tip:** Jis waqt pay karo, usi waqt likho. Raat tak aadhe kharche bhool chuke hoge.

Aaram se padho. Easy hai, pakka!

Rule paas se

niyam

```
Salary = Dabba 1 Zaroori
       + Dabba 2 Saal + masti
       + Dabba 3 Future

Likho -> Dabbe mein daalo -> Dekho
```

`Dabba 1` ➜ jin bills ke bina ghar nahi chalta

`Dabba 2` ➜ saal ke kharche mahine mein baante hue, plus planned masti

`Dabba 3` ➜ baad ke liye: emergency, retirement, bachchon ki padhai

`=` ➜ dabbe milke salary ke barabar

Ek rule. Yaad rakho!

Example 1

hisaab

Rent + maintenance	₹18,000
Ration	₹14,000
Bijli, phone, net	₹4,000
Transport	₹6,000
School + activities	₹10,000
Insurance + health	₹6,000
= Dabba 1 Zaroori	₹58,000
Saal ke kharche (mahine ka)	₹6,000
Masti	₹5,000
= Dabba 2 Saal + masti	₹11,000
Emergency fund	₹8,000
Retirement	₹13,000
Bachchon ki padhai	₹10,000
= Dabba 3 Future	₹31,000
Total	**₹1,00,000**

Nateeja

```
₹58,000 + ₹11,000 + ₹31,000 = ₹1,00,000
Salary ke barabar ✓
```

Illustrative · Verma family fictional hai

Pandrah lines, teen dabbe, ek total. Total salary ke barabar ho, toh har rupaye ka ek kaam hai.

Agar...? total salary se kam aaye? Toh kuch paisa kisi dabbe mein nahi hai. Kharch hone se pehle 30-din ke register mein dhoondo.

Pen uthao, jod khud check karo!

Step by step

`6 zaroori kharche likho`	rent, ration, bills, transport, school, health
`Jodo`	₹58,000: yeh Dabba 1 hai
`Saal + masti`	₹6,000 + ₹5,000 = ₹11,000 (Dabba 2)
`Future`	₹8,000 + ₹13,000 + ₹10,000 = ₹31,000 (Dabba 3)
`Check`	₹58,000 + ₹11,000 + ₹31,000 = ₹1,00,000 ✓

Ek step, ek baar. Jaldi nahi!

Example 2: Chhote chhed

hisaab

Office chai + snack, ₹50 x 30 din	₹1,500
Food delivery, ₹200 x 8	₹1,600
3 app subscriptions, ₹99 har ek	₹297
= Mahine ka chhed	₹3,397
= Saal ka chhed (x 12)	**₹40,764**

Nateeja

`Chhote kharche: ₹3,397 mahina = ₹40,764 saal`

Illustrative · Verma family fictional hai

Inmein se koi kharcha bada nahi lagta. Milke Verma family ka ₹40,764 saal ka jaata hai, Dabba 2 ke lagbhag chaar mahine se zyada. Isiliye ₹10 bhi likho.

Wahi idea, nayi family!

Example 3: Bina dabbe: 25 tareekh wali problem

hisaab

1 tareekh ki salary	₹1,00,000
5 tareekh tak fixed bills	₹38,000
Roz ka kharcha, ₹2,480 x 25 din	₹62,000
= 25 tareekh ko bacha	**₹0**

Nateeja

```
25 tareekh ko bacha: ₹0. Future dabba: khaali.
```

Illustrative · Verma family fictional hai

> Bina dabbon ke future ka paisa bhi kharche ka paisa lagta hai, aur kharch ho jaata hai.

Example 4: Dabbon ke saath: pehle future

hisaab

1 tareekh ki salary	₹1,00,000
Pehle din Dabba 3 alag	₹31,000
= Dabba 1 + 2 ka paisa	₹69,000
Dabba 1 + Dabba 2 ka plan	₹69,000
= Farak	**₹0**

Nateeja

```
Kharch se pehle bachat: ₹31,000 ✓ Farak: ₹0
```

Illustrative · Verma family fictional hai

> Wahi salary, wahi bills. Bas ek badlaav: future ka dabba salary wale din sabse pehle bharo.

Do aur! Apne numbers daal ke dekho.

Paise ki asli galtiyan

1. Sirf bade bills likhna

✗ Families kya karti hain

hisaab	
Salary	₹1,00,000
Likhe bade bills	₹58,000
Bina naam	**₹42,000**

₹42,000 mahina bina naam ka

✓ Behtar aadat

hisaab	
Salary	₹1,00,000
Teeno dabbe	₹1,00,000
Bina naam	**₹0**

Bina naam: ₹0 ✓

Sirf bade bills wala plan ₹42,000 mahina gayab hone ke liye chhod deta hai.

2. Chhote UPI kharche chhod dena

✗ Families kya karti hain

hisaab	
Jo paisa gaya	₹1,00,000
Register mein	₹96,603
Gayab	**₹3,397**

Gayab: ₹3,397 mahina

✓ Behtar aadat

hisaab	
Jo paisa gaya	₹1,00,000
Register mein	₹1,00,000
Gayab	**₹0**

Gayab: ₹0 ✓

₹3,397 mahina wahi chhota chhed hai jo Example 2 mein dekha. Har UPI payment likho, ₹10 bhi.

3. Mahine ke end mein jo bacha, wahi bachat

✗ Families kya karti hain

hisaab	
25 tareekh ko bacha	₹0
Bachat	**₹0**

Is mahine bachat: ₹0

✓ Behtar aadat

hisaab	
Salary wale din alag	₹31,000
Bachat	**₹31,000**

Is mahine bachat: ₹31,000 ✓

Mahine ke end mein aksar kuch nahi bachta. Pehle bachao, phir baaki kharch karo.

> *Galti mat karna! Yeh zyada-tar families karti hain.*

Practice time

1. Aaj se apna 30-din register shuru karo. Pehle teen kharche likho.
2. Aapki chai ₹30 roz. Mahine ki kitni, saal ki kitni?
3. Apne saare app subscriptions likho. Pichhle mahine kaunsa khola hi nahi?
4. Pichhle hafte ke kharche 3 dabbon mein daalo.

★ **Challenge:** Ek family ₹60,000 ghar laati hai. Dabba 1 ₹39,000, Dabba 2 ₹9,000. Dabba 3 mein kitna jaaye ki total salary ke barabar ho?

Cheat sheet

- 30 din har kharcha likho, ₹10 bhi
- 3 dabbe: Zaroori · Saal + masti · Future
- Dabbe milke salary ke barabar
- Chhote chhed x 12 = bada saal ka bill
- Future ka dabba salary wale din pehle

Agla ➔ Chapter 2: yeh kharcha zaroorat hai, shauk hai ya sirf pressure?

Ab aapki baari! Answers peeche hain.

Aapki worksheet: 30-din kharcha register

30 din ke liye yeh page 3 baar copy karo. Har kharche ke aage dabba number (1, 2 ya 3) likho.

BASIC

CHAPTER 2 / 20

Zaroorat, shauk ya pressure?

> Shauk galat nahi. Bina plan ka shauk galat hai.

Is chapter mein

- ✓ Har kharche ke teen sawaal
- ✓ Zaroorat vs shauk vs pressure
- ✓ ₹2,000 se upar ke liye 24-ghante wala rule
- ✓ Pressure ka kharcha asal mein kahan se aata hai

Financial education, advice nahi.

Namaste! Main Gullak Bhai. Chalo paisa samjhein!

Verma family ki kahani

Neha ki friend ne naya phone liya aur har jagah post kiya. Neha ka phone bilkul theek chalta hai. Phir bhi dukaan EMI pe de rahi hai: sirf ₹2,500 mahina. Shaam ko woh apna 30-din register kholti hai aur dekhti hai: ek mehenga shaadi ka gift, ek birthday party jo badi ho gayi, aur doston ke barabar dikhne ke liye gadgets. Inmein se koi zaroorat nahi thi. Koi plan mein nahi tha. Woh ek sawaal poochti hai: iske bina ghar chalega?

> **Yaad rakho:** Shauk galat nahi. Bina plan ka shauk galat hai.

Har family ki ek paisa kahani hai.

Idea kya hai

1. Har kharche se **teen sawaal** poocho. Iske bina ghar chalega? Nahi, toh **zaroorat**.

2. Chalega, par mann hai? Woh **shauk** hai. Shauk theek hai, agar plan mein uski jagah ho.

3. Sirf log kya kahenge, isliye? Woh **pressure** (dikhawa) hai. Pressure ka koi dabba nahi hota.

4. **24-ghante wala rule**: ₹2,000 se upar ka shauk ek din ruke. Kal bhi chahiye, toh Dabba 2 se lo.

> **Gullak Bhai ki tip:** Wish aur time phone mein likho. Kal usi time ka reminder lagao. Tab tak zyada-tar wishes chhoti lagne lagti hain.

Aaram se padho. Easy hai, pakka!

Rule paas se

niyam

```
Zaroorat -> iske bina ghar ruk jaaye
Shauk    -> achha lage, Dabba 2 mein jagah ho
Pressure -> sirf log kya kahenge

Shauk > ₹2,000 ? 24 ghante ruko
```

`Zaroorat` ➔ Dabba 1 mein

`Shauk` ➔ Dabba 2 mein, uski limit ke andar

`Pressure` ➔ koi dabba nahi: mana karo, ya planned shauk banao

`24 ghante` ➔ bade shauk ke liye thanda hone ka time

Ek rule. Yaad rakho!

Example 1

hisaab

Dawaiyan	₹800
Aarav ke school shoes	₹1,500
Gas cylinder	₹900
= Zaroorat	₹3,200
Weekend bahar khaana	₹2,400
Movie	₹1,200
Naya kurta	₹1,400
= Shauk	₹5,000
Mehenga shaadi gift	₹5,000
Doston jaise gadgets	₹2,500
Badi birthday party	₹3,000
= Pressure	₹10,500
Total extra kharche	₹18,700
Pressure ka hissa	**56.1%**

Nateeja

```
Zaroorat ₹3,200 · Shauk ₹5,000 · Pressure ₹10,500
Pressure = ₹18,700 ka 56.1%
```

Illustrative · Verma family fictional hai

Neha ke register ke nau kharche. Shauk ₹5,000 wale masti dabbe mein bilkul fit. Pressure ke kharche saare extra kharche ke aadhe se zyada.

Agar...? zaroorat mehengi ho, jaise ₹20,000 ka fridge repair? Phir bhi zaroorat hai. Uske liye Dabba 2 (saal ke kharche) mein plan, Chapter 4.

Pen uthao, jod khud check karo!

Step by step

Kharche likho	30-din register se extra kharche lo
Sawaal 1	ghar rukega? dawai, shoes, gas = zaroorat
Sawaal 2	mann ka? dinner, movie, kurta = shauk
Sawaal 3	sirf logon ke liye? gift, gadgets, party = pressure
Har group jodo	₹3,200 + ₹5,000 + ₹10,500 = ₹18,700

Ek step, ek baar. Jaldi nahi!

Example 2: 24-ghante wala rule

hisaab

Naya phone	₹30,000
Smartwatch	₹4,000
Air fryer	₹6,000
Sale ke sneakers	₹3,500
= Wish list	₹43,500
24 ghante baad bhi chahiye: air fryer	₹6,000
= Kharch nahi hua	**₹37,500**

Nateeja

```
Wish list ₹43,500 -> liya ₹6,000 -> bacha ₹37,500
```

Illustrative · Verma family fictional hai

₹2,000 se upar ki chaar wishes. Ek din baad sirf air fryer zaroori laga, aur Neha ne Dabba 2 se liya. Baaki ₹37,500 kabhi kharch hi nahi hua.

Wahi idea, nayi family!

Example 3: Plan wala shauk

hisaab

Masti dabba	₹5,000
Dinner + movie + kurta	₹5,000
= Bacha	**₹0**

Nateeja

```
Shauk plan mein fit ✓ Bacha: ₹0
```

Illustrative · Verma family fictional hai

> Verma family ne mazaa kiya. Shauk ka dabba tha, isliye masti ka koi extra bojh nahi.

Example 4: Pressure ka paisa kahan se aata hai

hisaab

Is mahine Future dabba	₹31,000
Pressure kharche (koi dabba nahi)	₹10,500
= Future bacha	₹20,500
Future mein kami	**33.9%**

Nateeja

```
Future dabba: ₹31,000 -> ₹20,500 (33.9% kam)
```

Illustrative · Verma family fictional hai

> Pressure ka dabba nahi, toh woh chupchap future ka dabba khaata hai: is mahine ki bachat ka ek-tihaai.

Do aur! Apne numbers daal ke dekho.

Paise ki asli galtiyan

1. Har EMI ko zaroorat kehna

✗ Families kya karti hain

hisaab

Dabba 1	₹58,000
+ Phone EMI 'zaroorat'	₹2,500
= Ab Dabba 1	**₹60,500**

Zaroori badhke ₹60,500

✓ Behtar aadat

hisaab

Masti dabba	₹5,000
− Phone EMI shauk	₹2,500
= Masti bachi	**₹2,500**

Sach: masti bachi ₹2,500

Shauk ki EMI bhi shauk hai. Use sahi dabbe mein rakho, tab asli farak dikhega.

2. Sale hai, isliye lena

✗ Families kya karti hain

hisaab

MRP	₹5,000
Sale price (40% off)	₹3,000
'Bachaya'	**₹2,000**

'Bachaya' ₹2,000, kharch ₹3,000

✓ Behtar aadat

hisaab

Zaroorat nahi, nahi liya	**₹0**

Kharch ₹0, sach mein bachat ✓

Jo chahiye hi nahi tha, uspe discount bachat nahi. Woh ₹3,000 ka kharcha hai.

3. Pressure se gift ka amount

✗ Families kya karti hain

hisaab

Har shaadi ka gift	₹5,000
Is season ki shaadiyan	4
= Gifts	**₹20,000**

Gifts: ₹20,000, koi dabba nahi

✓ Behtar aadat

hisaab

Planned gift	₹2,000
Is season ki shaadiyan	4
= Dabba 2 se gifts	**₹8,000**

Gifts: ₹8,000, planned ✓

Card aane se pehle gift ka amount tay karo. Pyaar wahi, bill ₹12,000 kam.

> *Galti mat karna! Yeh zyada-tar families karti hain.*

Practice time

1. Register ke 10 kharche lo. Har ek pe Z (zaroorat), S (shauk) ya P (pressure) likho.
2. Wish list ₹12,000. 24 ghante baad ₹4,000 ka hi chahiye. Kitna kharch nahi hua?
3. Apni ek EMI ka naam likho. Zaroorat hai ya shauk?
4. Is season ki shaadiyon ka gift amount abhi likho, card aane se pehle.

★ **Challenge:** Ek family ke pressure kharche ₹1,500 hafta. Saal (52 hafte) mein kitna?

Cheat sheet

- Zaroorat = iske bina ghar ruk jaaye
- Shauk = theek, Dabba 2 ke andar
- Pressure = koi dabba nahi, mana karo
- ₹2,000 se upar ka shauk: 24 ghante ruko
- Sale bachat nahi hai

Agla ➔ Chapter 3: kya 50-30-20 rule aapki family pe fit hai?

Ab aapki baari! Answers peeche hain.

Aapki worksheet: 24-ghante wish list

₹2,000 se upar ka har shauk pehle yahan likho. 24 ghante baad aao aur sirf wahi tick karo jo abhi bhi chahiye.

#	Wish	₹	Tareekh + time	Abhi bhi?
1				
2				
3				
4

CHAPTER 3 / 20

50-30-20 aapki family pe fit hai?

> Rule todo nahi, badlo. Pehle bachat, phir kharcha.

Is chapter mein

- ✓ 50-30-20 rule kya kehta hai
- ✓ Yeh aksar Indian family pe fit kyun nahi hota
- ✓ Apna khud ka split kaise banayein
- ✓ ₹30,000, ₹60,000 aur ₹1,00,000 wali families ke split

Financial education, advice nahi.

Namaste! Main Gullak Bhai. Chalo paisa samjhein!

Verma family ki kahani

Aarav school se project laata hai: '50-30-20 rule se family budget banao'. Amit online rule dhoondhta hai: aadha zaroorat, 30% shauk, 20% bachat. Verma family ke ₹1,00,000 pe try karte hain. Zaroorat ko ₹50,000. Par rent, ration, school aur bills hi ₹58,000 ke hain. Aarav muh banata hai: 'Papa, hamara ghar rule mein fit nahi hota.' Amit hasta hai: 'Toh hum aisa rule banayenge jo hamare ghar mein fit ho.'

> **Yaad rakho:** Rule todo nahi, badlo. Pehle bachat, phir kharcha.

Har family ki ek paisa kahani hai.

Idea kya hai

1. **50-30-20** split America ki kitaab *All Your Worth* (2005) se famous hua, Elizabeth Warren aur Amelia Warren Tyagi ki: take-home ka 50% zaroorat, 30% shauk, 20% bachat.

2. Yeh ek **shuruaat** hai, kaanoon nahi. Rent, school fees aur parivaar ki madad se Indian zaroorat 50% se kaafi upar ja sakti hai.

3. **Apne** percentage nikalo: har dabba ÷ salary × 100. Verma family ka 58 / 11 / 31 aata hai.

4. Ek rule jo hamesha fit hota hai: **pehle bachat**. Salary wale din Future dabba alag, phir baaki mein ghar chalao.

> **Gullak Bhai ki tip:** Kam income? Chhota Future dabba bhi chalega, 10% se shuru karo, aur har salary badhne pe 1% badhao.

Aaram se padho. Easy hai, pakka!

Rule paas se

niyam

```
Dabba % = dabba ÷ salary × 100

50 / 30 / 20 = shuruaat
Aapki family = aapka split

Hamesha: Future dabba pehle
```

`50%` ➔ asli rule mein zaroorat

`30%` ➔ asli rule mein shauk

`20%` ➔ asli rule mein bachat

`÷ × 100` ➔ rupaye ko percentage banata hai

Ek rule. Yaad rakho!

Example 1

hisaab

Take-home salary	₹1,00,000
Zaroorat (50%)	₹50,000
Shauk (30%)	₹30,000
Bachat (20%)	₹20,000
Total	₹1,00,000
Verma ki asli zaroorat	₹58,000
= Zaroorat mein kami	**₹8,000**

Nateeja

```
Rule: ₹50,000 / ₹30,000 / ₹20,000 = ₹1,00,000
Asli zaroorat 50% se ₹8,000 zyada
```

Illustrative · Verma family fictional hai

Kitaabi rule zaroorat ko ₹50,000 deta hai. Verma ki zaroorat ₹58,000 hai. Kaagaz pe rule chalta hai; ghar mein har mahine ₹8,000 kam padta hai.

Agar...? aap mehenge rent wale sheher mein ho? Zaroorat 60-65% tak ja sakti hai. Tab pehle shauk chhota karo, Future dabba nahi.

Pen uthao, jod khud check karo!

Step by step

`3 dabbe lo`	Chapter 1 se ₹58,000 · ₹11,000 · ₹31,000
`Dabba 1 %`	58,000 ÷ 1,00,000 × 100 = 58%
`Dabba 2 %`	11,000 ÷ 1,00,000 × 100 = 11%
`Dabba 3 %`	31,000 ÷ 1,00,000 × 100 = 31%
`Check`	58 + 11 + 31 = 100 ✓

Ek step, ek baar. Jaldi nahi!

Example 2: Verma family ka apna rule

hisaab

Take-home salary	₹1,00,000
Dabba 1 Zaroori	₹58,000
Dabba 2 Saal + masti	₹11,000
Dabba 3 Future	₹31,000
Dabba 1 %	58%
Dabba 2 %	11%
Dabba 3 %	31%
Total %	**100%**

Nateeja

```
Verma split: 58% / 11% / 31% = 100%
```

Illustrative · Verma family fictional hai

Zaroorat zyada, shauk kaafi kam, aur future ke liye rule se bhi zyada. Unki zindagi mein fit, aur phir bhi 31% bachat.

Wahi idea, nayi family!

Example 3: ₹30,000 wali family

hisaab

Take-home	₹30,000
Dabba 1 Zaroori	₹24,000
Dabba 2 Saal + masti	₹3,000
Dabba 3 Future	₹3,000
Dabba 1 %	80%
Dabba 3 %	**10%**

Nateeja

```
Split 80% / 10% / 10%: Future ₹3,000
```

Illustrative · Verma family fictional hai

> Zaroorat 80% le leti hai. 10% ka Future dabba bhi asli shuruaat hai; har badhotri ke saath badhega.

Example 4: ₹60,000 wali family

hisaab

Take-home	₹60,000
Dabba 1 Zaroori	₹39,000
Dabba 2 Saal + masti	₹9,000
Dabba 3 Future	₹12,000
Dabba 1 %	65%
Dabba 2 %	15%
Dabba 3 %	**20%**

Nateeja

```
Split 65% / 15% / 20%: Future ₹12,000
```

Illustrative · Verma family fictional hai

> Kitaabi rule jaisi 20% bachat, par zaroorat zyada aur shauk kam.

Do aur! Apne numbers daal ke dekho.

Paise ki asli galtiyan

1. Kaagaz pe zaroorat ko 50% mein thoosna

✗ Families kya karti hain

hisaab

Kaagaz pe zaroorat	₹50,000
Asli bills	₹58,000
Farak ke baad Future	**₹23,000**

Future chupchap ₹23,000

✓ Behtar aadat

hisaab

Sach wali zaroorat	₹58,000
Future dabba	**₹31,000**

Future ₹31,000 hi ✓

Jo plan ₹8,000 ke asli bills chhupata hai, woh har mahine future se ₹8,000 le leta hai.

2. 20% bachat mahine ke end mein

✗ Families kya karti hain

hisaab

Planned bachat	₹20,000
30 tareekh ko asal mein bacha	₹6,000
Chhoot gaya	**₹14,000**

Bachat ₹6,000, chhoota ₹14,000

✓ Behtar aadat

hisaab

Salary wale din auto-transfer	₹31,000
Chhoot gaya	**₹0**

Bachat ₹31,000 ✓

Percentage tabhi chalta hai jab paisa pehle alag ho. Salary wale din ka standing instruction lagao.

3. Ameer family ka split copy karna

✗ Families kya karti hain

hisaab

Take-home	₹30,000
Zaroorat	₹24,000
Copy kiya 20% bachat	₹6,000
= Saal + masti ke liye	**₹0**

Saal + masti: ₹0, plan toot jaata hai

✓ Behtar aadat

hisaab

Take-home	₹30,000
Zaroorat	₹24,000
10% se shuru	₹3,000
= Saal + masti ke liye	**₹3,000**

Saal + masti: ₹3,000 ✓

Jis split mein saal ke kharchon ki jagah zero, woh pehle tyohaar pe toot jaata hai. Chhota shuru karo, chalte raho.

> *Galti mat karna! Yeh zyada-tar families karti hain.*

Practice time

1. Apni take-home salary aur Chapter 1 ke 3 dabbe likho.
2. Salary ₹45,000, zaroorat ₹27,000. Zaroorat kitne percent?
3. Rent ₹3,000 badhe toh kaunsa dabba pehle kam karoge?
4. Reminder lagao: salary wale din Future dabba alag karo.

★ **Challenge:** ₹80,000 ka split banao: Future dabba 25%, zaroori ₹48,000. Dabba 2 ke liye kitna bacha?

Cheat sheet

- 50 / 30 / 20 = shuruaat, kaanoon nahi
- Dabba % = dabba ÷ salary × 100
- Verma: 58 / 11 / 31
- Future se pehle shauk kam karo
- Pehle bachat: salary wale din auto-transfer

Agla ➔ Chapter 4: Diwali 'achaanak' nahi aati: saal ke kharche ÷ 12.

Ab aapki baari! Answers peeche hain.

Aapki worksheet: Aapka apna split

Pehle rupaye bharo, phir har percentage nikalo. Teeno dabbe milke salary ke barabar hone chahiye.

Line	₹ mahina	Salary ka %
Take-home salary		
Dabba 1 Zaroori		
Dabba 2 Saal + masti		
Dabba 3 Future		
Total (= salary?)		
Agle saal Future % ka goal

Author ke baare mein

Har mahine ki salary se ₹10 crore ka portfolio kaise banta hai?

Main Raj hoon. Tech mein kaam karte hue mujhe 20 saal ho gaye hain. Inhi 20 saalon se main bachat aur nivesh bhi karta aa raha hoon. Aaj main apna ₹10 crore ka portfolio khud sambhalta hoon. Usmein maine jitna bhi paisa lagaya, sab meri salary se aaya.

Aaj ka aankda dekhna aasaan hai. Mujhe zyada dilchasp ek sawaal lagta hai jo aap salary ke din khud se pooch sakte hain: bill bharne aur ration lene ke baad, is salary ka kitna hissa ek saal baad bhi mere paas hoga?

Maine Paisa Samjho isliye likhi taaki aap apna hisaab lekar baithein aur apna jawaab dhoondh sakein. Agar main apni salary se shuru kar saka, toh aap bhi kar sakte hain. Agli salary mein se aap kitna apne liye rakhna chahenge?
